First things first, why choose Hertfordshire?

Hertfordshire's key stories & events for 2021

Visit Herts is proud to be part of the US Connections Discover England Fund project.

The project highlights the cultural and historical links between our two nations, and focuses on the following themes which have been identified as being the most appealing to US visitors:

- United Allies: Highlighting the WWII connections between the US and UK
- Old Stories of the New World: Show-casing stories of migration from UK to the US
- Origins of Faith: Faith and religion
- Ancestral Services: Highlighting the places and resources US visitors can access to trace their family history tapping into the significant ancestral tourism market

US Connections

Proms at Hatfield House

A key message for 2021 sits quite closely to one set out in the 1940s – the wartime spirit of togetherness. Celebrating that community, Hatfield House is holding their 'Battle Proms' on 17th July for its 19th edition. Think plenty of British staples – a picnic in the summer evening sunshine, flag waving, all set to classic favourites such as Rule Britannia and Land of Hope and Glory, topped with musical firework displays!

Dogfest at Knebworth House

The happy go lucky nature of dogs shouldn't go unnoticed and there's a total celebration of them happening on the 11th and 12th September at Knebworth House. Plenty of activities will keep your pooch happy from Pup Paddle Boarding, Ultimate Frisbee and Puppy Academy, and we're sure it'll keep your Instagram feed full too! Once you've tired them out shop for some unique treats and supplies, topped off with some food and drink for you too.

Warner Bros. Celebration of Slytherin

The House of Slytherin may well have been the darker of those in Harry Potter, however it's bringing some light to 2021. Back by popular demand the Celebration of Slytherin returns from 23rd January to 15th September, and will bring with it some of the world class collections that the Studio Tour is known for. You'll be able to spot Malfoy's original costumes, the Slytherin common room and many more of the authentic props that created the house's shadowy ambience.

Sky Studios Elstree Development

Lights, camera, action! Hertfordshire already has a rich film heritage, being home to two major studios and with estates, towns and hot spots that have featured in some seriously big box office hits. To add to this, work began in 2020 on the exciting Sky Studios Elstree; a world-leading, state-of-the-art film & TV studio – set to open in 2022. Sky Studios Elstree is to become a leading European studio with 14 stages and cutting-edge tech. This major project is expected to bring 2000 new jobs and £3bn production investment in UK creative sector, in the first five years alone.
